

VIZUALSTEMS

DON'T JUST GO LIVE. PRODUCE SOMETHING GREAT.

A browser-based live production platform for creators, businesses, podcasters, churches, event producers, coaches and organizations that want more than a basic streaming tool.

WHY PAY MORE JUST TO DO LESS?

VizualStems brings live production, recording, multistreaming, meetings and webinars together in one studio - with plans built for serious production without an enterprise-sized price tag.

ONE STUDIO. MORE PRODUCTION POWER.

LIVE PRODUCTION	Switch cameras, manage guests, cue scenes, add overlays and lower thirds, and control the show from your browser.	MULTISTREAMING	Send one production to multiple destinations and reach your audience wherever they watch.
PROFESSIONAL RECORDING	Capture your production for editing, clips, replay and on-demand content.	MEETINGS + WEBINARS	Host business meetings, presentations, interviews, webinars and online events from the same platform.
GUESTS + SCREEN SHARING	Invite guests with a link, preview them before they go live and share screens during the production.	PRO AUDIO + VIDEO	Check cameras, microphones and levels before going live and monitor your production from one studio.

BUILT TO GROW WITH YOU

Start free, then move up as your productions grow. Current VizualStems plans are designed around streaming time, channel capacity, destinations and higher-end production capabilities.

FREE	\$0	5 live hours/mo 1 channel
STUDIO	\$15/mo	20 live hours/mo 2 channels
CREATOR	\$19/mo	Unlimited live hours 3 channels
PROFESSIONAL	\$29/mo	Unlimited live hours Unlimited channels

VIZUALSTEMS

MORE THAN STREAMING. A PRODUCTION PLATFORM.

VizualStems is designed around the entire production workflow - not just the moment you press Go Live.

WHAT MATTERS	THE VIZUALSTEMS APPROACH
Production control	Scenes, camera switching, overlays, lower thirds, guests and show control in the browser.
Reach	Multistream from one production instead of rebuilding the show for each destination.
Content after live	Record productions for replay, editing, clips and on-demand use.
Business use	Meetings, webinars, interviews and presentations live alongside creator production tools.
Value	A free starting point and paid plans positioned to deliver serious production capability at accessible monthly pricing.

WHO IS VIZUALSTEMS FOR?
